

Furst Scholarship Awarded

The fourth annual Arthur Furst Undergraduate Scholarship has been awarded to Saly Sisouvong! GNLD endows this prestigious award in honor of Dr. Arthur Furst, GNLD's senior Scientific Advisory Board member and distinguished Professor Emeritus at the University of San Francisco (USF). The scholarship was presented to an undergraduate science major at USF who demonstrates outstanding academic ability and passion for research.

Saly attained the highest honors every semester at USF — no small feat to accomplish! His academic achievements and passion for research earned him participation in a special program at University

of California at Davis to work on research related to how diet affects the nervous system. Additionally, he's studying the effects of specific dietary amino acids on brain function. Because of his love of research, Saly wants to pursue the MD/Ph.D. program at USF.

Saly was nominated for the Arthur Furst/GNLD Scholarship by Dr. Gary Stevens, Professor of Biology and Saly's academic advisor. In addition to receiving funding toward tuition, Saly also received an Arthur Furst medallion and a Lucite award. We're proud to support exceptional scientific achievements in the name of Dr. Furst, and extend Saly our heartiest congratulations!

WORLD OF CHAMPIONS

It's the Last Lap — Push Yourself to Your Goal!

The quarter is in its last lap! You're almost there... just push a little harder! By reaching out to others and helping them make a positive difference in their lives through GNLD, you build a stronger, more successful business! We recognize your effort globally with our World of Champions medals. Bronze, silver or gold, when you receive this medal everyone knows that you're:

- ☆ *Creating and maintaining volume!*
- ☆ *Recruiting new starts!*
