

In Memory of Dr. Arthur Furst

It is with great sadness that we acknowledge the passing of our beloved Dr. Arthur Furst, Founding Member of the GNLD Scientific Advisory Board.

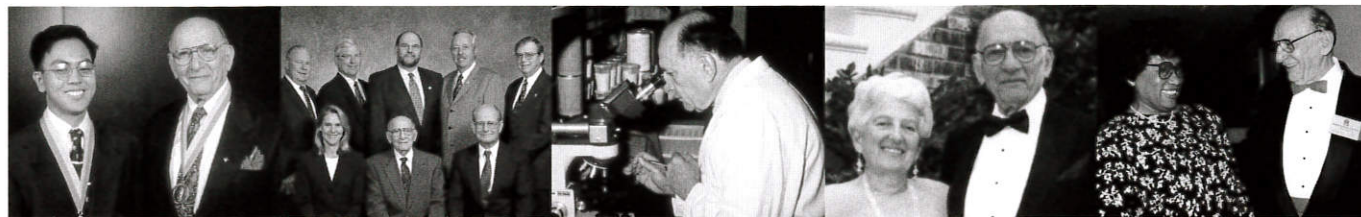

Dr. Furst's contributions to the GNLD family cannot be overstated, and he will be dearly missed.

A memorial fund has been established to honor the memory of Dr. Furst and his many accomplishments. It will be executed in conjunction with a fund he personally established at the Stanford University Health Library in memory of his wife, Florence. Proceeds from the fund help provide families of critically ill patients with health information, guidance, and support. Should you wish to make a donation in Dr. Furst's honor, you can do so by sending it to:
